

## Ohio Psychiatric Physicians Association

*presents*

## Diversity in Psychiatry: Virtual Ohio Residency Recruitment Fair

October 14, 2020

5 – 8 p.m., Eastern

Join us for the first 2020 Diversity in Psychiatry: Virtual Ohio Residency Recruitment Fair hosted by the Ohio Psychiatric Physicians Association (OPPA). This event is open only to 4<sup>th</sup> year medical students and is geared toward giving under-represented minorities in medicine (Black, LatinX, Indigenous, and LGBTQ) an opportunity to learn more about Ohio Residency programs.

This event provides 4<sup>th</sup> year medical students the opportunity to learn more about individual residency programs and meet representatives from the participating institutions. It is also a great opportunity for program directors to promote their programs directly to trainees and meet prospective applicants that might be a good fit for their team.

### Students

Click [here](#) to complete the registration form. More information on session access will be provided in a follow-up email.
